Peter,
Thank you providing us a copy of the letters.

During our next monthly call, I'd like to talk about procedure or protocol for the tribal consultation. Can we participate with you rather than hold a separate meeting with just state staff and the tribe? I'm not sure when the tribe will request to meet with you, but as you know the wetland application is still not administratively complete, so we weren't planning to offer to meet with them until we have a complete application that we can public notice.
